# 40 Years of Trust

Vinay Trading Company (VTC), is a leading East India trading house specializing in industrial chemicals and polymer products for industries like paints, tyre coatings, and rubber. With strong expertise in trading, imports, and exports, the company serves markets across Nepal, Sri Lanka, and Bangladesh while sourcing quality materials from Asia and Europe. Its associate concern, Aditya Sales Corporation (est. 1989), further strengthens its product range and customer services.

## TECHNICAL UNDERSTANDING

We provide expert rubber material recommendations tailored to optimize your specific performance, processing, and cost objectives.

## CONSISTENT QUALITY

Our consistent, high-quality raw materials ensure stable compound performance across every production batch.

## RELIABLE SUPPLY

We guarantee uninterrupted manufacturing through reliable, on-time deliveries backed by ready stock and trusted sourcing.

## LONG-TERM PARTNERSHIP

We prioritize long-term partnerships over mere transactions by providing responsive service, expert guidance, and continuous supply.

**OVER LAST 40 YEARS WE ARE OFFERING PRACTICAL SOLUTIONS TO RUBBER MANUFACTURING CHALLENGES**

# OUR STANDARDS

## OUR MANAGEMENT

### Founder & Mentor

Mr. Prabhat Kumar Poddar

### Managing Partner

Mr. Parmeshwar Kumar Todi

### Managing Partner

Mr. Aditya Vikram Poddar

### Strategy & Growth

Mr. Rishav Todi

### Business Development

Mr. Rohit Todi

### AWARDS & CERTIFICATES

Awarded 'Star Business Partner' by Godrej Industries in 2011 & 2016

### Certificates of Appreciation

From LANXESS India in the 2017

From Rhein Chemie in the 2018

From GODREJ Industries in the 2017

From RESIL Chemicals for support during COVID 19 pandemic crisis.

### Full Range Of Blacks for A Full Range Of Applications

#### PLASTICS AND RUBBER

FROM ASTM TO SPECIALTY GRADES, OUR RESEARCH AND DEVELOPMENT TEAM IS READY TO WORK WITH THE INDUSTRY PLAYERS TO IDENTIFY AND CREATE THE PERFECT SOLUTION TAILORED TO THEIR NEEDS.

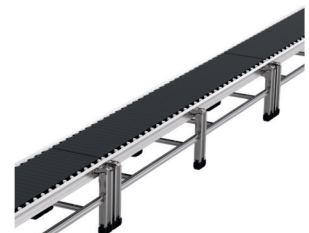

#### TIRES

STRENGTHENING TIRE COMPOUNDS WITH REINFORCING AGENTS IS CRUCIAL TO ENSURE THE DURABILITY OF A TIRE, AND TIRE MANUFACTURERS NEED REINFORCING MATERIALS THAT GIVE THEM THE FREEDOM TO DESIGN TIRES FOR EVERY APPLICATION.

#### MECHANICAL RUBBER GOODS

RUBBER APPLICATIONS INCLUDE SEALING SYSTEMS, BELTS AND HOSES, BELLOWS AND DIAPHRAGMS, INJECTION MOLDED PARTS USING THERMOPLASTIC ELASTOMERS, AS WELL AS ANTI-VIBRATION COMPONENTS, AMONG NUMEROUS OTHER RUBBER GOODS.
